Description

“Soul”—hardly any other word is automatically associated with as many positive emotions as this one. So what name could be a better fit for our new ship, which was conceived, designed, and built with so much heart, passion, and attention to detail?

With the Soul, we’re blazing a new trail along familiar paths: We’re bringing together two worlds that have never been united like this before—the laid-back vibe, the feel-good atmosphere, the exclusivity, and the charm of a beach boutique hotel with all the benefits of a modern liveaboard. “Soul” also stands for “inner values”: we placed particular emphasis on these during the design phase. For example, we’re breaking new ground by ensuring that all meals are enjoyed with a view of the sea—the kitchen and restaurant are located right on the sun deck.

For underwater photographers, we’ve equipped the large photography area with everything a photographer’s heart desires. In addition to “regular” dives, we naturally offer all the opportunities and facilities for technical divers. And as befits a contemporary boutique hotel, wellness services—including massages—are available on board for anyone who wishes to enjoy them. We look forward to welcoming you aboard the “Soul”—the liveaboard with heart and soul. Let our crew spoil you with culinary delights, be inspired by our stylish decor, and let our dive team guide you to the best spots in the Red Sea.

More information

We would like to inform you that in the event of a cancellation of the liveaboard trip shortly before the trip begins (1 week in advance), the incidental expenses that are payable on site will also be charged (excluding transfers). All permits are applied for at least one week before the start of the safari and are paid for by us in advance in Egypt.

The boat operator, Moni, has a dog named "Hatschi." He occasionally comes along on the safari and stays only in the outdoor areas. If you have a dog allergy or simply don't like dogs, we fully understand. Just let us know before booking the safari.

All cabins are equipped with air conditioning, a refrigerator, and a hair dryer. Seawater-biodegradable shower gel and shampoo are available in the cabins, as are bathrobes/ponchos and large beach towels.

Diving: Night dives, as well as swimming and snorkeling, are prohibited in the marine parks!

The maximum diving depth prescribed by Egyptian law and CDWS regulations is 30 meters. Under certain conditions, however, extensions up to 40 meters are permitted. This requires a Deep Dive certification.

For group bookings of nine paying guests, the tenth person stays for free but is responsible for incidental costs.
