Description

On these liveaboard trips, you'll experience the Maldives at their best: from the strong-current outer channels of the atolls, home to gray reef sharks, manta rays, eagle rays swimming in formation, and large stingrays, to exposed reefs teeming with life. Both big-game fishing fans and macro photography enthusiasts will find plenty to enjoy here. A visit to a local island and a barbecue on the beach of a deserted island are also part of the itinerary (weather permitting).

Depending on the weather, we'll visit a selection of the following atolls: North Male Atoll, South Ari, North Ari, Vaava Atoll, and Meemu Atoll. The tour begins and ends in Male.

The tours are subject to weather and seasonal conditions and are subject to change on short notice! However, our experienced dive guides will always strive to take you to the best dive sites, weather and diving experience permitting!
